RE: QAPP Addendum Approval

Dear Mr. Benedict:

Thank you for the submittal of the QAPP Addendums 4, 6 and 7, dated June, 1998. I have reviewed the revisions as they relate to the United States Environmental Protection Agency Quality Assurance Management Section comments of May, 1998 and spoken to the EPA reviewer. It appears that the revisions meet the substantive requirements of the QAMs comments, therefore, the addendums should be considered approved and sampling can begin.

Please let me know the approximate schedule for sampling and the proposed schedule for completing the cap improvements as soon as possible.

If you have any questions regarding this letter, please do not hesitate to contact me at (312) 353-6425.

Sincerely,

Michael E. Bellot  
EPA Remedial Project Manager
